
P-12 Superintendency Concentration

Ed.D. in Educational Leadership

A doctoral program designed for experienced education professionals ready to expand their leadership impact.

The concentration in P-12 Superintendency is designed to serve the needs of those interested in the study of issues regarding the administration of P-12 public and private educational institutions. The doctoral degree allows students to consider careers as directors, school or district level administrators, superintendents and senior-level administrators. The program offers high quality course instruction from respected and experienced faculty who are scholars and practitioners. We emphasize advancing training in leadership through courses that integrate theoretical and practical knowledge.

48-Credit Hours

The program can be completed in four years, pending enrollment patterns and academic progression.

Location

Superintendency is a Distance Education concentration with courses at a local high school, main campus, and online.

Curriculum

Select core leadership, concentration-specific, and research courses that align with your professional goals and scholarly interests.

Delivery

Classes are from 5:30 p.m. to 8:15 p.m. Each course meets one evening per week, Monday thru Thursday.

Capstone

Complete an applied dissertation focused on a real-world problem in your area of concentration, using research and evaluation to understand current conditions and inform effective leadership decisions.

Why UNC Charlotte?
